INDEPENDENT AUDITOR'S REPORT

To the Board of Commissioners
Housing Authority of the City of Alameda
Alameda, California

Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities, the discretely presented component unit, and the fiduciary fund of the Housing Authority of the City of Alameda (the "Authority") as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of Island City Development, which represent 100 percent of the assets, net position, and revenues of the discretely presented component unit. Those financial statements were audited by other auditors whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for Island City Development, is based solely on the report of the other auditors. We did not audit the financial statements of OPEB Trust Fund, which represent 100 percent of the assets, net position, and revenues of the fiduciary fund. These financial statements were audited by other auditors whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for OPEB Trust, is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. The financial statements of the discretely presented component unit and the fiduciary fund were not audited in accordance with *Government Auditing Standards*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities, the discretely presented component unit, and the fiduciary fund of the Housing Authority of the City of Alameda, as of June 30, 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4 through 10, and the pension and OPEB schedules on pages 45 through 48 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Authority's basic financial statements. The financial data schedule on pages 49 through 54 is presented for purposes of additional analysis and is not a required part of the basic financial statements. The schedule of expenditures of federal awards on page 59 is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The financial data schedule and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and the other auditors. In our opinion, the financial data schedule and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 18, 2020, on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

REQUIRED SUPPLEMENTARY INFORMATION

**HOUSING AUTHORITY OF THE CITY OF ALAMEDA
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2019**

This section of the Housing Authority of the City of Alameda's (the "Authority") annual financial report presents a discussion and analysis of the financial activities of the Authority for the fiscal year ended June 30, 2019. We encourage readers to consider the information presented here in conjunction with additional information that we furnished in our presentation to the Board of Commissioners.

The following management's discussion and analysis will discuss the results of the Authority's operations. Key financial information for the current fiscal year will be compared with those of the prior year.

Financial Highlights

- The assets and deferred outflows of the Authority exceeded its liabilities and deferred inflows at the close of fiscal year 2019 resulting in a net position of \$104,845,868 at June 30, 2019, as opposed to \$65,831,910 at June 30, 2018.
- Total assets and deferred outflows of resources at June 30, 2019, were \$141,125,057. Of this, \$34,295,478 represents current assets, \$105,323,872 represents noncurrent assets, and \$1,505,707 represents deferred outflows of resources. Total assets and deferred outflows of resources at June 30, 2018, were \$103,479,223.
- Capital assets, net of accumulated depreciation at June 30, 2019, increased by \$37,660,053 from \$40,409,674 at June 30, 2018, to \$78,069,727 at June 30, 2019. Capital assets are reflected at cost, less accumulated depreciation for all purchased capital assets.
- Total liabilities and deferred inflows of resources at June 30, 2019, were \$36,279,189. Of this, \$3,911,700 represents current liabilities, \$30,466,026 represents noncurrent liabilities, and \$1,901,463 represents deferred inflows of resources. Net position increased from \$65,831,910 at June 30, 2018, to \$104,845,868 at June 30, 2019, an increase of \$39,013,958.
- Total operating and non-operating revenues for the Authority for fiscal year 2019 were \$76,901,391 versus \$47,263,968 for fiscal year 2018; an increase of \$29,637,423. The primary sources of revenue for 2019 were governmental grants including Housing Choice Voucher Program (Section 8) Housing Assistance Payment ("HAP"), and rents collected from the Authority's owned units, and the land transfer from the City of Alameda to the Authority. For fiscal year 2019, please note that \$6,823,178 of HAP received from HUD to Authority-owned properties are eliminated from financial statement presentation, as these payments are paid to the Authority as landlord for Authority-owned properties.
- Total operating and non-operating expenses for the Authority for fiscal year 2019 were \$37,887,433 versus \$44,004,175 for fiscal year 2018; a decrease of \$6,116,742. The major program expenditure, as reflected on the statement of revenues, expenses, and changes in net position, was for HAP. There were \$30,594,139 of HAP expenses for fiscal year 2019 versus \$29,612,706 in fiscal year 2018. For fiscal year 2019, please note that \$6,823,178 of HAP received from HUD and disbursed to landlords are eliminated from financial statement presentation, as these payments are paid to the Authority as landlord for Authority-owned properties. The Authority disbursed \$29,745,400 in HAP for disbursements to landlords in fiscal year 2019, which is slightly above \$29,612,706 reported in fiscal year 2018.

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2019**

Financial Highlights (continued)

- Operating revenues for the Authority for fiscal year 2019 were \$40,091,906 and operating expenses were \$36,752,757, respectively. Operating revenues and expenses for fiscal year 2018 were \$46,830,312 and \$42,790,802, respectively.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Authority's basic financial statements, which are comprised of a statement of net position, statement of revenues, expenses, and changes in net position, statement of cash flows and notes to the financial statements.

Government-Wide Financial Statements

The government-wide financial statements report information of the Authority as a whole, net of inter-program activity.

The *statement of net position* presents information on the Authority's assets and deferred outflows, and liabilities and deferred inflows, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Authority is improving or deteriorating.

The *statement of revenues, expenses, and changes in net position* presents information showing how the Authority's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The *statement of cash flows* presents the change in the Authority's cash and cash equivalents during the most recent fiscal year.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Authority uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. Some programs are required to be established by U.S. Department of Housing and Urban Development ("HUD"). However, the Authority also administers other programs to help it control and manage money for particular purposes or to show that it is meeting legal responsibilities for using grants and other moneys. All of the funds of the Authority are classified on the face of the financial statements as one enterprise housing fund as a result of Government Accounting Standards Board ("GASB") Statement No. 34, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*.

Enterprise funds account for activities similar to those found in the private sector, where the determination of net income is necessary or useful to sound financial administration. They are reported using the full accrual method of accounting in which all assets and all liabilities associated with the operation of these funds are included on the statement of net position. The focus of enterprise funds is on income measurement, which together with the maintenance of equity, is an important financial indication.

Notes to the Basic Financial Statements

The *notes to the financial statements* provide additional information that is essential to a full understanding of the data provided in the fund financial statements.

**HOUSING AUTHORITY OF THE CITY OF ALAMEDA
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEAR ENDED JUNE 30, 2019**

Component Unit

As is more fully described in Note 1, the government-wide financial statements include the financial information of Island City Development (a California Nonprofit Corporation), a discrete component unit of the Authority. A complete audited financial statement is separately issued for Island City Development and its subsidiary limited partnerships and limited liability companies, and may be obtained at the Authority's administrative offices located at 701 Atlantic Avenue, Alameda, California. In fiscal year ended June 30, 2018, the Authority created a new blended component unit, Alameda Affordable Housing Corporation ("AAHC"). The financial statements for AAHC are not presented separately.

Fiduciary Fund

As is more fully described in Note 1, the Authority reports a fiduciary fund for its Other Post Employment Benefits ("OPEB") Trust Fund. The funds are held in a trust by the Authority for the beneficiaries of the OPEB plan.

Supplementary Information

The schedule of expenditures of federal awards, the pension and OPEB schedules, and the financial data schedule are presented for purposes of additional analysis as required by the GASB Statements, the Uniform Guidance at 2 CFR 200 Subpart F, and the requirements of HUD. These schedules can be found in the supplementary information sections of this report.

Financial Analysis

The Authority uses funds to help it control and manage money for particular purposes. A portion of the Authority's net position reflects the investment in capital assets (e.g., land, buildings and improvements, furniture, equipment and machinery), net of any debt incurred to finance the acquisition of those assets. The Authority uses these capital assets to provide services to clients; consequently, these assets are not available for future spending.

Budgetary Highlights

An agency-wide budget was prepared for the fiscal year ended June 30, 2019. The budget was primarily used as a management tool. Budgets are prepared in accordance with the accounting procedures prescribed by the applicable funding agency and revised during the year as appropriate.

Analysis of the Authority's Overall Financial Position and Results of Operations

As indicated in the above comparative statements, the Authority's net position at June 30, 2019, increased by \$39,013,958 from the June 30, 2018 balance. This is mainly driven by the transfer of land from the City of Alameda to the Authority in fiscal year 2019.

Economic Factors

The Authority is primarily dependent upon HUD for the funding of operations. Therefore, the Authority is affected more by the federal budget than by state or local economic conditions. Changes in HUD grants affect the number of households that can be assisted under these federally funded programs on an ongoing basis.

The Authority's annual revenues for the Housing Choice Voucher Program is based primarily upon the amounts received each year from HUD, which does not correlate directly to the amounts expended each year for administrative costs and housing assistance payments expenses associated with the Housing Choice Voucher Program. Therefore, for any given fiscal year the Authority's revenues for the Housing Choice Voucher Program may be more or less than the expenses for the program. For the fiscal year ended June 30, 2019, the Authority's expenses associated with the Housing Choice Voucher Program exceeded its revenues by \$108,700. For the 2018 fiscal year, the Authority's expenses for the Housing Choice Voucher Program exceeded its revenues by \$1,166,765. These excesses of expenses over revenues were funded by a reduction in the Authority's net position for the Housing Choice Voucher Program.

Requests for Information

This financial report is designed to provide citizens, taxpayers, and creditors with a general overview of the Authority's finances and to show the Authority's accountability for the money it receives. Questions concerning any of the information provided in this report or request for additional financial information should be addressed to the Finance Director at the Housing Authority of the City of Alameda, 701 Atlantic Avenue, Alameda, California 94501.

HOUSING AUTHORITY OF THE CITY OF ALAMEDA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the Housing Authority of the City of Alameda (the "Authority") conform to accounting principles generally accepted in the United States of America ("U.S. GAAP") as applicable to governmental entities. The following is a summary of the more significant procedures:

Definition of reporting entity

The Authority was established on August 8, 1940, by a resolution of the City of Alameda City Council. The Authority is governed by a seven-member Board of Commissioners which is appointed by the Mayor of the City of Alameda, California (the "City"). However, the Authority is not considered to be a component unit of the City or any other primary government. Two members of the Board of Commissioners are participants in programs administered by the Commission. The members of the Commission are selected to serve for either two-year or four-year terms.

The basic financial statements includes the financial activities of the Authority, its blended component unit, Alameda Affordable Housing Corporation, its discretely presented component unit, Island City Development, and its fiduciary fund, the Other Post Employment Benefits ("OPEB") Trust Fund.

Island City Development (a California nonprofit corporation) was established in 2014 primarily to engage in acquiring, developing, rehabilitating, owning, and managing affordable housing for low-income and moderate-income individuals and families in the City. The executive director of the Authority appoints the members of the nonprofit corporation's board of directors. The nonprofit corporation has a year end of December 31, 2018, and the financial activity is reported as a separate column titled Component Unit on the accompanying financial statements.

Island City Development is the sole member of Del Monte Senior LLC, the 0.01% managing general partner of Sherman and Buena Vista LP, created June 23, 2016, for the purposes of developing and owning a 31-unit Low-Income Housing Tax Credit property at 1031 Buena Vista Avenue in Alameda. This property was completed in August 2018.

Additionally, Island City Development is the sole member of 2437 Eagle Avenue LLC, the 0.01% managing general partner of Everett and Eagle LP, created November 22, 2016, for the purposes of developing and owning a 20-unit Low-Income Housing Tax Credit property at 2437 Eagle Avenue in Alameda. This property was completed in December 2018. Finally, Island City Development is the 0.1% special limited partner for Stargell Commons LP, created February 20, 2015, to own and operate a 32-unit Low-Income Housing Tax Credit property at 2700 Bette Street in Alameda.

Finally, Island City Development is the sole member of Rosefield, LLC, the 0.01% managing general partner of Constitution and Eagle, LP, created December 18, 2018, for the purpose of building 78 units and renovation of 14 units (total 92 units) on the 700 block of Buena Vista Avenue. The property is expected to start the construction and rehabilitation process in the summer of 2020.

The Authority reports a fiduciary trust fund for its OPEB Trust Fund. The OPEB Trust accounts for the assets are held in trust by the Authority for the beneficiaries of the OPEB plan.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Definition of reporting entity (continued)

A complete audited financial statement is separately issued for Island City Development and its subsidiary limited partnerships and limited liability companies, and may be obtained at the Authority's administrative offices located at 701 Atlantic Avenue, Alameda, California.

Related Organizations - Blended Component Units - The Authority is the sole member of AHA Islander GP, LLC, which is the 0.05% general partner of the Alameda Islander LP. This limited partnership owns and operates a 62-unit Low-Income Housing Tax Credit property at 2428 Central Avenue in Alameda. The accompanying financial statements include the financial information of AHA Islander GP, LLC.

The Authority is the sole member of 2216 Lincoln AHA, LLC, which is the 0.0049% General Partner of the Jack Capon Villa, LP. This limited partnership owns and operates a 19-unit Low-Income Housing Tax Credit property at 2216 Lincoln Avenue in Alameda. The accompanying financial statements include the financial information of 2216 Lincoln AHA, LLC.

Alameda Affordable Housing Corporation ("AAHC") was established November 1, 2017, as a supporting organization of the Authority. Its primary role is to be a title holding entity for Authority-owned properties. AAHC received federal tax exempt status under Section 501(c)3 in 2017. The board of directors is comprised of all of the current Authority's Board of Commissioners and the directors' terms run concurrent with the commissioners'. AAHC has a fiscal year end on June 30 and the financial activity is not reported separately on the financial statements. During 2018, the Authority sold four of its properties to AAHC and both notes receivable and notes payable were created between the two parties. As these notes were between a primary government and its blended component unit, these notes were eliminated from the financial statements.

Government-wide financial statements

The government-wide financial statements (i.e., the statement of net position; the statement of revenues, expenses, and changes in net position; and the statement of cash flows) report the financial information of the Authority's operations as a whole.

For financial reporting purposes, the Authority reports all of its operations as a single business-type activity in a single enterprise housing fund. Therefore, for the Authority the government-wide and fund financial statements are the same. These basic financial statements are presented in accordance with the standards established by the Governmental Accounting Standards Board ("GASB").

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Measurement focus, basis of accounting, and financial statement presentation

The financial statements are reported using the *economic resources measurement focus* and the *accrual basis* of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when related cash flows take place. Non-exchange transactions are those in which the Authority receives value without directly giving equal value in exchange. These transactions include revenues from federal, state, and local assistance programs. Revenues from these sources are recognized in the fiscal year in which all eligibility requirements have been met.

When the Authority incurs an expense for which both restricted and unrestricted resources may be used, it is the Authority's policy to use restricted resources first, and then unrestricted resources as needed.

Proprietary funds distinguish *operating* revenues and expenses from *non-operating* activities. Operating revenues and expenses generally result from providing services in connection with the proprietary fund's principal ongoing operations. The principal operating revenues of the Authority's enterprise housing fund are grants from federal funding agencies for housing assistance payments earned, administrative and developer fees, and rental income from its owned housing units. The Authority is party to services agreements with the City to provide various housing-related services. The cost of these services is reimbursed on an actual cost basis, plus a fixed fee.

Operating expenses include employee services and supplies, administrative expenses, management fees, utilities, housing assistance payments to landlords, and depreciation of its capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

The Authority applies all applicable Financial Accounting Standards Board ("FASB") pronouncements issued before November 30, 1989, in accounting and reporting for its proprietary operations.

Separate statements are also included in the discretely presented component unit and the fiduciary fund as shown on the accompanying financial statements. The discretely presented component unit and the fiduciary fund are separate legal entities from the Authority.

Cash and cash equivalents

For purposes of the accompanying statement of cash flows, all highly liquid cash and investments with a maturity of three months or less when purchased and cash restricted by federal governmental requirements are considered cash and cash equivalents.

Cash and cash equivalents include amounts in demand deposits and savings accounts. All of the Authority's cash equivalents can be converted to cash in a relatively short amount of time. Therefore, all cash and cash equivalents, including restricted amounts, are reported in the statement of cash flows.

HOUSING AUTHORITY OF THE CITY OF ALAMEDA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Restricted assets

Restricted cash and cash equivalents represent deposits that are used for replacement reserves, security deposit payable amounts to tenants and amounts that are required by grants from HUD to be used only to provide housing assistance for individuals and families that meet various income, age, and employment standards.

Receivables, net

All receivables are reported at their gross value and are reduced by an allowance for doubtful accounts if such an amount is considered applicable based on management's estimates for collection.

Prepaid expenses and other current assets

All inventories are valued at cost using the first-in/first-out ("FIFO") method. Inventories are recorded as expenditures when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in the financial statements.

Capital assets

Capital assets, which include land, buildings, improvements, and furniture and equipment, are reported at historical cost. Contributed capital assets are recorded at fair value at the time received. Interest expense during any development periods is capitalized.

Maintenance, minor repairs and replacements are recorded as expenses; extraordinary replacements of property resulting in property betterments are charged to the property accounts. Depreciation is charged to operations using the straight-line method based on the estimated useful life of the related asset. The estimated useful lives of the various asset categories are as follows:

Buildings	40 years
Improvements	15 years
Furniture and equipment	5 to 10 years

Compensated absences

It is the Authority's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. All vacation pay is accrued when incurred or at separation. Unpaid sick balances are not paid at separation.

Taxes

The Authority is exempt from federal and state income taxes, and county property taxes. AAHC has received federal tax-exempt status under Internal Revenue Code Section 501(c). AAHC must file IRS Form 990 and its California equivalent no later than the extended deadline of May 2020 for the fiscal year ended June 30, 2019.

HOUSING AUTHORITY OF THE CITY OF ALAMEDA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Net position

Net position represents the differences between assets and liabilities. Net position consists of investment in capital assets, net of related debt; restricted net position; and unrestricted net position. Net position invested in capital assets, net of related debt, consists of capital assets, net of depreciation, reduced by the outstanding balances of borrowing used for the construction, or improvement of those assets. Net position is reported as restricted when there are limitations imposed on its use through constitutional provisions or enabling legislation or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments.

Deferred outflows/inflows of resources

In addition to assets and liabilities, the statement of net position includes separate sections for deferred outflows and inflows of resources. These separate sections represent a consumption or acquisition of net position that applies to future periods and will not be recognized as outflows (revenues) or inflows (expenses) until that time.

Net pension liability/net OPEB asset

For purposes of measuring the net pension liability ("NPL"), net OPEB asset, and deferred outflows/inflows of resources related to pension and OPEB, pension and OPEB expense, information about the fiduciary net position of the Authority's California Public Employees' Retirement System ("CalPERS") plans and additions to/deductions from the Plans' fiduciary net position have been determined on the same basis as they are reported by CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

GASB pronouncements not yet effective

In June 2017, GASB issued Statement No. 87, *Leases* ("GASB No. 87"). The objective of GASB No. 87 is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. GASB No. 87 increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under GASB No. 87, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities.

GASB No. 87 will increase the usefulness of governments' financial statements by requiring reporting of certain lease liabilities that currently are not reported. It will enhance comparability of financial statements among governments by requiring lessees and lessors to report leases under a single model. GASB No. 87 also will enhance the decision-usefulness of the information provided to financial statement users by requiring notes to financial statements related to the timing, significance, and purpose of a government's leasing arrangements.

HOUSING AUTHORITY OF THE CITY OF ALAMEDA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

GASB pronouncements not yet effective (continued)

The requirements of GASB No. 87 are effective for reporting periods beginning after December 15, 2019. The Authority does not believe that there will be any financial statement effect related to GASB No. 87.

Estimates

Management of the Authority has made certain estimates and assumptions relating to the reporting of assets and liabilities and revenues and expenses to prepare the financial statements. Actual results may differ from those estimates.

Budgets and budgetary accounting

Each year the Authority's Board of Commissioners adopts an operating budget. This budget may be revised during the year to give consideration to unanticipated revenue and expenditures primarily resulting from events unknown at the time of the adoption of the annual budget.

NOTE 2. CASH AND CASH EQUIVALENTS

Policies

California law requires banks and savings loan institutions to pledge government securities with a market value of 110% of the Authority's cash on deposit, or first trust deed mortgage notes with a market value of 150% of the deposit, as collateral for these deposits. Under California law, this collateral is held in a separate investment pool by another institution in the Authority's name and places the Authority ahead of general creditors of the institution.

The Authority and its fiscal agents invest in individual investments and in investment pools. Individual investments are evidenced by specific identifiable securities instruments, or by electronic entry registering the owner in the records of the institution issuing the security, called the book entry system. In order to increase security, the Authority employs the trust department of a bank as the custodian of certain managed investments, regardless of their form.

The Authority's cash equivalents are carried at fair value, as required by generally accepted accounting principles. The Authority adjusts the carrying value of cash equivalents to reflect their fair value at each fiscal year end, and it includes the effects of those adjustments in income for that fiscal year.

Cash and cash equivalents are considered to be liquid assets with original maturities of 90 days or less for purposes of measuring cash flows.

JUNE 30, 2019

NOTE 2. CASH AND CASH EQUIVALENTS (CONTINUED)

Classification

Cash and cash equivalents are classified in the financial statements as shown below, based on whether or not their use is restricted under the terms of Authority debt instruments or agency agreements. Cash and cash equivalents as of June 30, 2019, are as follows:

Unrestricted	\$ 30,151,949
Restricted	<u>2,390,830</u>
Total cash and cash equivalents	<u>\$ 32,542,779</u>

The \$32,542,779 of cash and cash equivalents consists of \$8,072,502 maintained on deposit in two banks, \$970,633 maintained by loan servicing agencies, \$11,808,187 deposited in the State of California Local Agency Investment Fund ("LAIF"), \$11,691,007 deposited in the California Asset Management Program ("CAMP"), and \$450 in petty cash. Of the amounts on deposit with banks, \$500,000 is covered by federal deposit insurance. Of the remaining balance, \$7,152,522 is collateralized and \$419,980 is uncollateralized.

The \$970,633 of cash equivalents maintained by loan servicing agencies reflects amounts held by trust departments of two lending agencies. These amounts will be used for future rehabilitation and operating costs for some of the Authority's housing complexes.

The California Government Code requires these funds to be invested in accordance with Authority policies, bond indentures or state statute. Interest rate risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment the greater the sensitivity of its fair value to changes in market interest rates. Information about the sensitivity of the fair values of the Authority's investments (including investments held by bond trustees) to market rate fluctuations is provided by the following table that shows the distribution of the Authority's investments by maturity:

<u>Cash Equivalent Type</u>	<u>12 Months or Less</u>	<u>One to Five Years</u>	<u>More than Five Years</u>	<u>Total</u>
LAIF	\$11,808,187	\$ -	\$ -	\$11,808,187

Total cash equivalents	<u>\$23,499,194</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$23,499,194</u>

Credit risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented below is the actual rating as of June 30, 2019, for each Authority cash equivalent type as provided by Standard and Poor's, except as noted:

<u>Cash Equivalent Type</u>	<u>Amount</u>

Concentration of credit risk

The Authority is required to disclose investments that represent a concentration of five percent or more of investments in any issuer, held by individual Authority Funds in the securities of issuers other than U.S. Treasury securities, mutual funds and external investment pools. At June 30, 2019, there were no investments of this type.

Custodial credit risk

Custodial credit risk is the risk that in the event of a bank or brokerage failure, the Authority's deposits may not be returned. As previously stated, with the exception of \$419,980, the Authority's bank deposits are either covered by Federal Deposit Insurance Corporation ("FDIC") insurance or are collateralized.

NOTE 7. PENSION PLAN

Plan Description - The plan is a cost-sharing multiple-employer defined benefit pension plan administered by CalPERS. A full description of the pension plan benefit provisions, assumptions for funding purposes but not accounting purposes and membership information is listed in the June 30, 2018 Annual Actuarial Valuation Report. This report is a publicly available valuation report that can be obtained at CalPERS' website under "Forms and Publications". All qualified permanent and probationary employees are eligible to participate in the Authority's cost-sharing multiple-employer defined benefit pension plans administered by CalPERS. Benefit provisions under the plans are established by State statute and the Authority's resolution. CalPERS issues publicly available reports that include a full description of the pension plans regarding benefit provisions, assumptions and membership information that can be found on the CalPERS website.

Benefits Provided - CalPERS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full-time employment. Members with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after 10 years of service. The death benefit is one of the following: the Basic Death Benefit, the 1957 Survivor Benefit, or the Optional Settlement 2W Death Benefit. The cost of living adjustments for each plan is applied as specified by the Public Employees' Retirement Law.

The plan's provisions and benefits in effect at June 30, 2019, are summarized as follows:

	<u>Miscellaneous Plan</u>	
	Prior To January 1, 2013	On or After January 1, 2013
Hire date	1, 2013	January 1, 2013
Benefit formula	2% @ 55	2% @ 62
Benefit vesting formula	5 years of service	5 years of service
Benefit payments	Monthly for life	Monthly for life
Retirement age	50-63	52-67
Monthly benefits, as a % of eligible compensation	1.426% to 2.418%	1.0% to 2.5%
Required employee contribution rates	6.886%	6.500%
Required employer contribution rates	9.558%	6.930%

Contributions - Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. The total plan contributions are determined through the CalPERS' annual actuarial valuation process. The plan's actuarially determined rate is based on the estimated amount necessary to pay the costs of benefits earned by employees during the year, with an additional amount to pay any unfunded accrued liability. The Authority's contribution rates may change if plan contracts are amended. Payments made by the Authority to satisfy contribution requirements that are identified by the pension plan terms as plan member contribution requirements are classified as plan member contributions. The Authority's contributions to the plan for the year ended June 30, 2019 were \$381,431.

NOTE 7. PENSION PLAN (CONTINUED)

Pension Liabilities, Pension Expense, Deferred Outflows of Resources, Deferred Inflows of Resources Related to Pensions - The Authority's net pension liability of \$2,032,192 is measured as the proportionate share of the net pension liability of \$3,942,047,621 (or 0.021089%). The net pension liability is measured as of June 30, 2018, and the total pension liability for each Plan used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2018, rolled forward to June 30, 2018, using standard update procedures. The Authority's proportion of the net pension liability was based on a projection of the Authority's long-term share of contributions to the pension plans relative to the projected contributions of all participating employers, actuarially determined.

For the measurement period ended June 30, 2019, the Authority recognized pension expense of \$667,605 for the plan. At June 30, 2019, the Authority reported deferred outflows of resources and deferred inflows of resources related to pensions from the following:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 77,972	\$ 26,533
Changes of assumptions	231,676	56,779
Difference between projected and actual earnings on pension plan investments	10,047	-
Difference between contribution and proportionate share of contribution	162,992	210,062
Adjustment due to differences in proportions	503,050	173,458
Pension contributions subsequent to the measurement date	<u>436,954</u>	<u>-</u>
Total	<u>\$ 1,422,691</u>	<u>\$ 466,832</u>

The \$436,954 reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2020 (measurement period ended June 30, 2019). These amounts are reflected in the financial statements as part of the deferred outflows of resources and deferred inflows of resources. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as pension expense as follows:

<u>Measurement Period Ending June 30:</u>	<u>Deferred Outflows (Inflows) of Resources</u>

NOTE 7. PENSION PLAN (CONTINUED)

Actuarial Methods and Assumptions Used to Determine Total Pension Liability

- For the measurement period ending June 30, 2018 (the measurement date), the total pension liability was determined by rolling forward the June 30, 2017 total pension liability. Both the June 30, 2017 total pension liability and the June 30, 2018 total pension liability were determined using the following actuarial methods and assumptions:

Valuation date	June 30, 2017
Measurement date	June 30, 2018
Actuarial cost method	Entry Age Normal
Discount rate	7.15%
Inflation	2.75%
Salary increases	Varies by entry age and service
Investment rate of return	7.15%, net of pension plan investment and administrative expenses; includes inflation Derived using CalPERS' Membership Data for all funds
Mortality Rate (1)	Contract COLA up to 2.75% until Purchasing Power Protection Allowance Floor on Purchasing Power Applies, 2.75% thereafter
Post Retirement Benefit Increase	

(1) The mortality table used was developed based on CalPERS' specific data. The table includes 15 years of mortality improvements using Society of Actuaries Scale 90% of scale MP2016. For more details on this table, please refer to the 2017 Experience Study Report (based on CalPERS' demographic data from 1997 to 2015) that can be found on the CalPERS' website.

Discount Rate - The discount rate used to measure the total pension liability was 7.15%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members.

Long-Term Expected Rate of Return - The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

NOTE 7. PENSION PLAN (CONTINUED)

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all the funds' asset classes, expected compound returns were calculated over the short-term (first 10 years) and the long-term (11-60 years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent.

The expected real rates of return by asset class are as followed:

Asset Class	New Strategic Allocation	Real Return Year 1-10 (a)	Real Return Years 11+ (b)
Global Equity	50.00 %	4.80 %	5.98 %
Fixed Income	28.00 %	2.00 %	2.62 %
Inflation Assets	- %	0.77 %	1.81 %
Private Equity	8.00 %	6.30 %	7.23 %
Real Estate	13.00 %	3.76 %	4.93 %
Liquidity	1.00 %	- %	(0.92)%
Total	<u>100.00 %</u>		

(a) An expected inflation of 2.0% is used for this period.

(b) An expected inflation of 2.92% is used for this period.

Sensitivity of the Proportionate Share of the Net Position Liability to Changes in the Discount Rate - The following presents the Authority's proportionate share of the net pension liability, calculated using the discount rate of 7.15%, as well as what the Authority's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.15%) or one percentage point higher (8.15%) than the current rate:

	Discount Rate less 1% (6.15%)	Current Discount Rate (7.15%)	Discount Rate plus 1% (8.15%)
Plan's net pension liability at June 30, 2019	\$ <u>4,333,529</u>	\$ <u>2,032,192</u>	\$ <u>132,476</u>

Pension Plan Fiduciary Net Position - Detailed information about each pension plan's fiduciary net position is available in the separately issued CalPERS' financial reports.

NOTE 8. OTHER POST-EMPLOYMENT BENEFIT PLANS (OPEB)

Plan description - The Authority participates in the CalPERS 2% at 55 Public Agency Miscellaneous Employees' pension plan for all regular employees hired before January 1, 2013, and 2% at 62 for those hired on or after January 1, 2013.

Employees who retire with a CalPERS pension (at least age 50, or age 52 for employees hired on or after January 1, 2013, with five years of services) are eligible for post-employment medical benefits.

The Authority contributes the minimum amount provided under Government Code Section 22825 of the Public Employees Medical and Hospital Care Act (\$136 per month in 2019, increasing to \$139 in 2020). Retirees must contribute any premium amounts in excess of the Authority's contributions described above. Amounts paid by the Authority continue for the lifetime of the retiree and any surviving spouse, subject to CalPERS' eligibility requirements.

During the July 1, 2017 to June 30, 2018 measurement period, the Authority entered into an agreement with CalPERS whereby the Authority participates in the California Employers' Retiree Benefit Trust Fund Program ("CERBT"), an agent-multiple employer post-employment health plan, to prefund other post-employment benefits through CalPERS. The financial statements for CERBT may be obtained by writing the California Public Employees' Retirement System, Constituent Relations Office, CERT (OPEB), P.O. Box 242709, Sacramento, California 94229-2709, or by calling 888-225-7377.

Plan Membership Information

Active plan members	47
Inactive plan members or beneficiaries currently receiving benefits	<u>7</u>
Total	<u>54</u>

Funding Policy - The Authority intends to contribute the full actuarially determined contribution to the plan each year. Contributions would be made up of cash contributions made to the trust as well as any benefit payments (implicit and explicit) unreimbursed by the trust.

Actuarial Methods and Assumptions

Valuation Date	June 30, 2018
Measurement Date	June 30, 2018
Actuarial Cost Method	Entry age normal
Amortization Method	Straight-line amortization
Asset Valuation Method	Market value
Net Investment Return	7.28%, based on the CERBT Strategy 1 investment policy
Inflation Rate	2.26% annual inflation
Payroll Increases	3.25% annual increases
Mortality	Pre-retirement: CalPERS 2017 Mortality for pre-retirement Post-retirement: CalPERS 2017 Mortality for post-retirement.
Healthcare Cost Trend Rates	3.25% pre-65 and 5.00% post-65 initial trend rates for 2018. Decreasing 0.25% per year until ultimate rate of 5.00% is reached in 2040

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. Actuarially determined amounts are subject to continual revision as actual results are compared to past experiences and new estimates are made about the future. Actuarial calculations were performed based on the benefits provided under the terms of the substantive plan in effect at the time of each valuation and on the pattern of sharing cost between the Authority and plan members through June 30, 2018. Additionally, actuarial calculations reflect a long-term perspective and include methods and assumptions that were designed to reduce short-term volatility of actuarial accrued liabilities and actuarial value of assets. The Authority has relied on the work of the Authority's actuary to determine the Authority's net OPEB liability, and considers the underlying assumptions used by the actuary to be reasonable.

Long-Term Expected Rate of Return - The valuation uses a discount rate of 7.28% per year, net of investment expenses and including inflation. This is a long-term rate of return assumption on plan assets. This rate is based on the general inflation rate and expected real rate of return required for CalPERS reporting for use by employers who elect certain investment strategies as participants in CERBT. The target allocation and best estimates for long-term expected real rates of return for each major asset class, as of June 30, 2018, the measurement date, are summarized in the following table:

<u>Investment Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>

NOTE 11. JOINT POWERS AGREEMENTS

Workers' Compensation Insurance

The Authority participates in a joint venture under a joint powers agreement ("JPA") with the California Housing Workers' Compensation Authority ("CHWCA"). CHWCA is a California joint powers insurance authority established in 1991 for purpose of providing workers' compensation coverage to California public housing authority members. CHWCA is a special district in the state of California providing its members with a comprehensive workers' compensation coverage program for the sharing of risk for self-insured losses, as well as jointly purchasing claims adjusting services, actuarial services, risk control services, and legal services connected with the program.

CHWCA is governed by a seven-member executive committee which is elected by the 33-member board of directors. Each of CHWCA's 33-member agencies appoint one primary and one alternate member to serve on the board of directors.

The relationship between the Authority and CHWCA is such that CHWCA is not a component unit of the Authority for financial reporting purposes. Further information can be found at www.chwca.org.

NOTE 11. JOINT POWERS AGREEMENTS (CONTINUED)

Property and Liability Insurance

The Authority participates in a joint venture under a JPA with the Housing Authorities Risk Retention Pool ("HARRP"). HARRP was formed to provide property and liability insurance coverage for member housing authorities. At December 31, 2018, there were 83 members. The relationship between the Authority and HARRP is such that HARRP is not a component unit of the Authority for financial reporting purposes. Further information can be found at www.harrp.com.

ABAG Natural Gas JPA

The Authority participates in a joint venture under a JPA with ABAG POWER, an association of Bay Area governments service program. The joint powers agency formed in collaboration with many Bay Area cities, and special districts. Currently, ABAG POWER's primary objective is to conduct pooled purchasing of natural gas on behalf of local governments and special districts who voluntarily join the pool. The program enables members to achieve pricing suppliers who are interested in larger and more attractive combined loads. The pool is currently in its twentieth year of operation, and is serving 40 member agencies throughout Pacific Gas and Electric's service territory. Further information can be found at www.abag.ca.gov/our-work/energy-infrastructure/power

NOTE 12. CONTINGENT LIABILITIES

The Authority is exposed to various risks of losses related to torts, theft, or damage to and destruction of asset, errors and omissions, injuries to employees, and natural disasters. Claim liabilities are reported when probable that a loss has occurred and the amount of that loss can be reasonably estimated. As of June 30, 2019, the Authority is not aware of any situations that would warrant a claim liability or disclosure in the financial statements.

Federal Grants

The Authority has received funds from various federal, state, and local grant programs. It is possible that at some future date it may be determined that the Authority was not in compliance with applicable grant requirements. The amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time, although the Authority does not expect such disallowed amounts, if any, to materially affect the financial statements.

NOTE 13. SUBSEQUENT EVENTS

The Authority has evaluated events and transactions for potential recognition or disclosure through March 18, 2020, which is the date the financial statements were available to be issued. Management has determined that there were no material subsequent events that required additional disclosure in these financial statements except the following:

1. The Authority transferred one of its properties, Independence Plaza, to AAHC during fiscal year 2020, with the remaining properties slated to be transferred to AAHC in fiscal year 2021.
2. Constitution and Eagle LP, created December 18, 2018, for the purposes of building 78 units and renovation of 14 units on the 700 block of Buena Vista Avenue, is expected to start the rehabilitation process in the summer of 2020.

SINGLE AUDIT SECTION

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED
ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH *GOVERNMENT AUDITING STANDARDS***

The Board of Commissioners
Housing Authority of the City of Alameda
Alameda, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities of the Housing Authority of the City of Alameda, as of and for the year ended June 30, 2019 and the related notes to the financial statements, which collectively comprise the Housing Authority of the City of Alameda's basic financial statements and have issued our report thereon dated March 18, 2020.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Housing Authority of the City of Alameda's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Housing Authority of the City of Alameda's internal control. Accordingly, we do not express an opinion on the effectiveness of the Housing Authority of the City of Alameda's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did identify a deficiency in internal control, described in the accompanying schedule of findings and questioned costs, that we consider to be a material weakness (2019-001).

Compliance and Other Matters

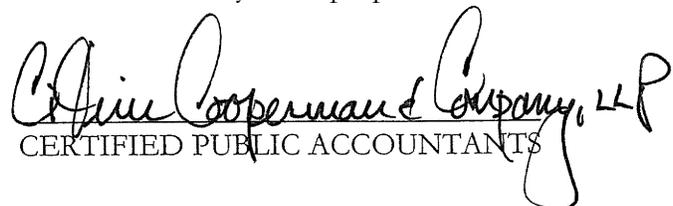

As part of obtaining reasonable assurance about whether the Housing Authority of the City of Alameda's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The Housing Authority of the City of Alameda's Response to Finding

The Housing Authority of the City of Alameda's response to the finding identified in our audit is described in the accompanying schedule of findings and questioned costs. The Housing Authority of the City of Alameda's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE AS REQUIRED BY THE UNIFORM GUIDANCE

The Board of Commissioners
Housing Authority of the City of Alameda
Alameda, California

Report on Compliance for Each Major Federal Program

We have audited the Housing Authority of the City of Alameda's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Housing Authority of the City of Alameda's major federal programs for the year ended June 30, 2019. The Housing Authority of the City of Alameda's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Housing Authority of the City of Alameda's major federal programs based on our audit of the types of compliance requirements referred to above.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Housing Authority of the City of Alameda's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Housing Authority of the City of Alameda's compliance.

Opinion on Each Major Federal Program

In our opinion, the Housing Authority of the City of Alameda complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2019.

Report on Internal Control over Compliance

Management of the Housing Authority of the City of Alameda is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Housing Authority of the City of Alameda's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Housing Authority of the City of Alameda's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

HOUSING AUTHORITY OF THE CITY OF ALAMEDA
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
JUNE 30, 2019

1. The accompanying schedule of expenditures of federal awards includes the federal grant activity of the Housing Authority of the City of Alameda (the "Authority") under programs of the federal government for the year ended June 30, 2019. The information in this schedule is presented in accordance with the requirements of Title 2 *U.S. Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (the "Uniform Guidance"). Because the schedule presents only a selected portion of the operations of the Authority, it is not intended to, and does not present the financial position, changes in net position, or cash flows of the Authority.
2. The schedule of expenditures of federal awards is presented on the accrual basis of accounting.
3. The Authority did not pass-through any federal awards to subrecipients during the fiscal year ended June 30, 2019.
4. The Authority has elected not to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.

SECTION II - FINANCIAL STATEMENT FINDINGS

Finding 2019-001: Material Weakness

Criteria: In accordance with AU 265 *Communicating Internal Control Related Matters*, when a deficiency or a combination of deficiencies in internal control is identified which indicates that there is a reasonable possibility that a material misstatement of the financial statements will not be presented or detected and corrected on a timely basis, a material weakness should be reported.

Condition: Significant adjustments were required to be made by both the Authority and auditor during the audit to conform the financial statements to generally accepted accounting principles in the United States of America ("U.S. GAAP").

Context: Several adjustments were required to cash and cash equivalents, notes receivable, revenue, and expenses to conform the financial statements to U.S. GAAP.

Effect: Numerous accounts had incorrect balances prior to the start of the audit.

Cause: The Authority underwent significant changes during the fiscal year within its finance department. Accounting personnel charged with recording journal entries into the general ledger prior to the new finance department were either inexperienced or did not understand the effect of the information they were provided. These staff are no longer with the Authority.

Auditor's Recommendations: The Authority should assess staffing needs based on the size and complexity of the Authority and develop a review process over the financial close and reporting process to ensure that it reconciles to supporting documentation and that it is reporting in accordance with U.S. GAAP. We further recommend that the Authority utilize a year-end checklist that would assist in closing the fiscal year timely and accurately.

Views of Responsible Officials: The finance department is fully staffed as of the date of this report. A new director of finance, controller and accounting specialists were hired in late fiscal year 2019. The Authority also has the assistance of a fee accountant to provide guidance and training to the new finance department. In addition to hiring and training new staff, the Authority has taken a number of steps since the last audit to improve journal entry control. Balance sheet analysis approach was implemented at the end of the prior fiscal year. Automated IT Yardi checks continue to be in place for journal entries. The director of finance approves all journal entries not created by the director of finance, and any journal entries prepared by the director of finance will be provided to the executive director for approval.
